

360 Photobooth Spinner

360° video booths are the hottest trending video booths in the industry. You can now hire a 360° video booth for your next event, wedding, corporate event, festival, birthday or private event.

Up to 4 adults or 6 kids can stand on our circular platform, and are then circled by a camera, which takes a high definition, low angle, slow motion video.

We deliver for FREE within 20 miles of our Martinsville warehouse. Any bookings outside of 20 miles will be charged a delivery and logistics fee based on distance.

What's Included:

Event Attendant / 360 Lighting / Custom Branding / iPad Sharing Station / Photo Prop Trunk / Online Gallery

How does it work?

The guests will be circled by our camera on the spinning photo booth, and we take a high definition, low angle, slow motion video. Once we've finished recording (usually 45 seconds) your video will be processed and then uploaded to your own online gallery. Each of the finished videos are usually 25-30 seconds long and they will all have your soundtrack of choice and your own design that you choose.

Your guests will be able to view and share their videos by email, qr sharing or SMS by using the iPad Sharing Station or you can send your Online Gallery link to all your guests after the event. Thrill your guests with our spinning photo booth hire.

2 hour - 4 hour hires are also available and plus we have a full range of event effects.
